

Extended Literature List

The report of FP6-project **SLIME** is built of separate, stand-alone documents, each of which contains a relevant literature list. In this document, all those references have been compiled, and some general references added. This list can be used for reference while reading the other documents, or as a general list of literature on eel population dynamics.

- Adam G. 1997 L'anguille européenne (*Anguilla anguilla* L. 1758): dynamique de la sous-population du lac de Grand-Lieu en relation avec les facteurs environnementaux et anthropiques. Thèse: Université Paul Sabatier, Toulouse.
- Allen M., Rosell R. S. and Evans D. 2005 Predicting catches for the Lough Neagh Eel fishery on the basis of stock inputs and environmental factors. Fisheries Management and Ecology, under review
- Anonymous 1969 *Annual report on research and technical work, Fisheries Research Laboratory*, Department of Agriculture for Northern Ireland. HMSO, Belfast, pp 76-77.
- Aoyoma J. & M.J. Miller 2003 The silver eel. In K. Aida, K. Tsukamoto and K. Yamauchi (eds), *Eel Biology*. Springer-Verlag, Tokyo, Japan: 107-120.
